## Update on Ontario Drug Reforms: July 1 Changes Delayed

Earlier this month, we updated our clients of the Ontario changes scheduled to take place on July 1, 2010.

Since then, the Government of Ontario has granted a 20-day “washout period” to allow pharmacies to clear previously purchased inventory.

In support of our retail partners, ClaimSecure will implement the new generic pricing in conjunction with the Ontario government's schedule and honor the 'washout period'. Once the new ODB price list is published and the 20 days has elapsed, ClaimSecure will reduce generic pricing from 70% to 50% of the brand name cost.

Example: If the ODB List is released on July 2<sup>nd</sup>; ClaimSecure will implement the price changes on July 22<sup>nd</sup>.

As previously advised, these price changes will apply to most generic drugs listed on the Ontario Drug Benefit (ODB) formulary and drugs not listed on the formulary but deemed interchangeable.

Thank you for your continued support.
