

**1. What is the Trillium Drug Program (TDP)?**

The Trillium Drug Program (TDP) is a provincial government program for residents of Ontario who spend a large part of their income on prescription medications. The TDP provides benefits for prescription medications when drug costs are higher than approximately 4% of the total household net income.

**2. How can the Trillium Drug Program help me?**

TDP is intended to offer prescription drug coverage for residents in Ontario who have high out of pocket prescription drug expenses in relation to their income. When you exhaust your private plan or have reached the annual dollar maximum for your drug plan, Trillium can help by covering the drugs that you need.

**3. How do I apply to the Trillium Drug Program?**

Application forms for the Trillium Drug Program are available at pharmacies, clinics, and online at: [http://www.forms.ssb.gov.on.ca/mbs/ssb/forms/ssbforms.nsf/GetAttachDocs/014-3693-87~18/\\$File/3693-87E.pdf](http://www.forms.ssb.gov.on.ca/mbs/ssb/forms/ssbforms.nsf/GetAttachDocs/014-3693-87~18/$File/3693-87E.pdf)

You can apply for Trillium at any time during the year and the application process can take anywhere from 2 to 4 weeks for your registration to be completed.

**4. Do I have to apply to the Trillium Drug Program every year?**

You will only have to apply to TDP once. Each program year, your enrolment in the TDP will be automatically renewed. If your file cannot be renewed for some reason, you will receive a pre-renewal notification letter requesting required documentation.

**5. How do I know if Trillium will cover the medications I'm taking?**

The TDP covers over 3,200 prescription drug products. You can ask your pharmacist and/or your physician if the medications you are currently on are covered by TDP.

**6. How do I contact the Trillium Drug Program?**
